

TL-D Snow White

TL-D 18W Snow White 1SL/25

The Snow White is a low-pressure mercury discharge lamp with a tubular 26 mm envelope, available in 18 W, 36 W and 58 W. The extreme high color temperature of the Snow White range creates very cool ambiances, making the lamp especially suitable in very hot and dry climate conditions.

Warnings and Safety

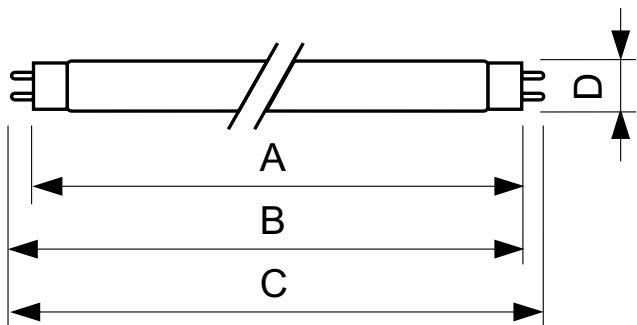

- A lamp breaking is extremely unlikely to have any impact on your health. If a lamp breaks, ventilate the room for 30 minutes and remove the parts, preferably with gloves. Put them in a sealed plastic bag and take it to your local waste facilities for recycling. Do not use a vacuum cleaner.
